

## **Personal Effects Declaration Form**

- To assist us in the clearance of your goods through Bermuda Customs in the most efficient fashion please fill out the form below detailing the contents of your shipment.
- In order to obtain a "fair value" please use a value that is between the re-sale value and the insured value.
- Please be realistic in the assigning of values as H.M. Customs reserves the right to conduct a visual inspection and appraisal which can be a time consuming process.
- Values should be listed in US DOLLARS only.
- Should you not be able to accurately determine the shipment contents and relative value we will be obligated to arrange a Customs inspection.
- Failure to make a complete and truthful declaration is an offence and can result in the forfeiture of the goods, fines and/or imprisonment.
